Awaken your creativity and call us today!

We guide you through every aspect of the project with a disciplined approach. Our skilled and talented staff provide you with preliminary conceptual development, feasibility ,and a cost estimate.

Our professional sales staff & technical personnel are available to you for presentations for your team & board members worldwide.

## Custom Commercial and Residential Aquariums

Ocean Gallery,USA has experience manufacturing acrylic, fiberglass and concrete aquariums for professional and institutional displays. We have over 60 years of collective experience in the aquarium industry. All of our fabricators, designers and artisans are highly skilled in the design, manufacture and installation of custom aquariums.

An Ocean Gallery USA tank can breathe life into an office, home or any large business. When dramatic is the only way to go, a custom-made aquarium is ready to fit the bill. When choosing a company to create your custom-built aquarium, you want to find a trusted company that has a perfect understanding of the intricate designs, stability issues and materials needed for high-end aquariums. While Ocean Gallery USA is based in El Paso, Texas & Las Vegas, we travel all over the world to create, set up, and install the aquarium creation of your dreams. Treat yourself, your business, and your home to the best high-end aquarium company in the industry. Ocean Gallery USA is ready to do the spectacular for you! We view all of our creations as one-of-a-kind pieces of art.

If you're looking for an aquarium designer to come up with a stunning custom piece complimented by our signature acrylic windows and panels, look no further than Ocean Gallery, USA . We'll take you through each step of the design and build.

### Acrylic viewing panels

All fiberglass and concrete fish tanks can incorporate acrylic viewing panels of virtually any shape and size into the design of the tank. We use our proprietary acrylic bonding process to seamlessly integrate our high-quality acrylic windows and panels into the walls of your custom fiberglass project.

### On-site aquarium construction

For oversized projects that are incapable of shipping fully assembled, we offer full-service onsite aquarium construction and installation. Individual components can be fabricated at our factory then shipped to your location for assembly.

## Custom Commercial Aquariums

Large aquariums within hotels and commercial properties are a brilliant branding tool for instilling an oceanic theme. From wondrous coral structures to fascinating fish of the underwater world, aquariums not only draw attention but lure visitors into a soothing and restful feeling while watching the peaceful world of a self-contained seascape. We have a vast wealth of experience in designing and constructing superlative high-end luxury aquariums, whether they are acrylic aquariums of 9,500 gallons or concrete aquariums up to and beyond 35,000 gallons.

Ocean Gallery, USA is a commercial aquarium manufacturer that has crafted custom aquariums around the world in hotels, casinos, restaurants, resorts, theme parks, zoos, commercial settings, private institutions, and exclusive residential settings.

With extensive aquarium knowledge, our services range from designing your wishes on unique three-dimensional software to fabrication, whether it's all acrylic, concrete, or fiberglass to constructing aquarium cabinetry, superior life-support filtration, and creating realistic artificial coral reef inserts. Our services even include acquiring exotic marine species and maintaining certain aquariums.

When you wish to distinguish your commercial or property with a marine-inspired theme or a tropical feel, there's no better way than with the help of one of our dedicated hotel aquarium designers. From an initial design, you can view a scale graphic model of the tank of your dreams.

With a turnkey approach, most of our hotel aquariums incorporate the finishing touches from our designers and fabricators, which include artificial coral reefs that are easy to maintain and free from fading or discoloration.

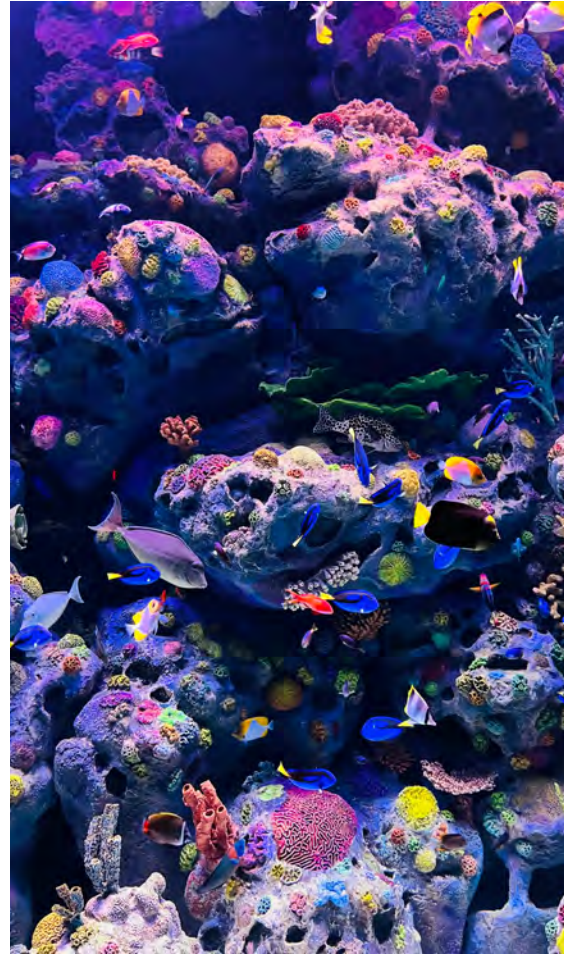

Our artisans thrive on crafting a balance between marine elegance and maintenance practicality so that viewers of the commercial aquariums notice the bright coral colors and the groups of stunning tropical fish.

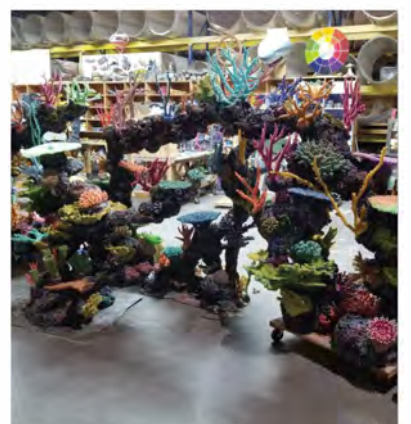

# Custom Coral Inserts

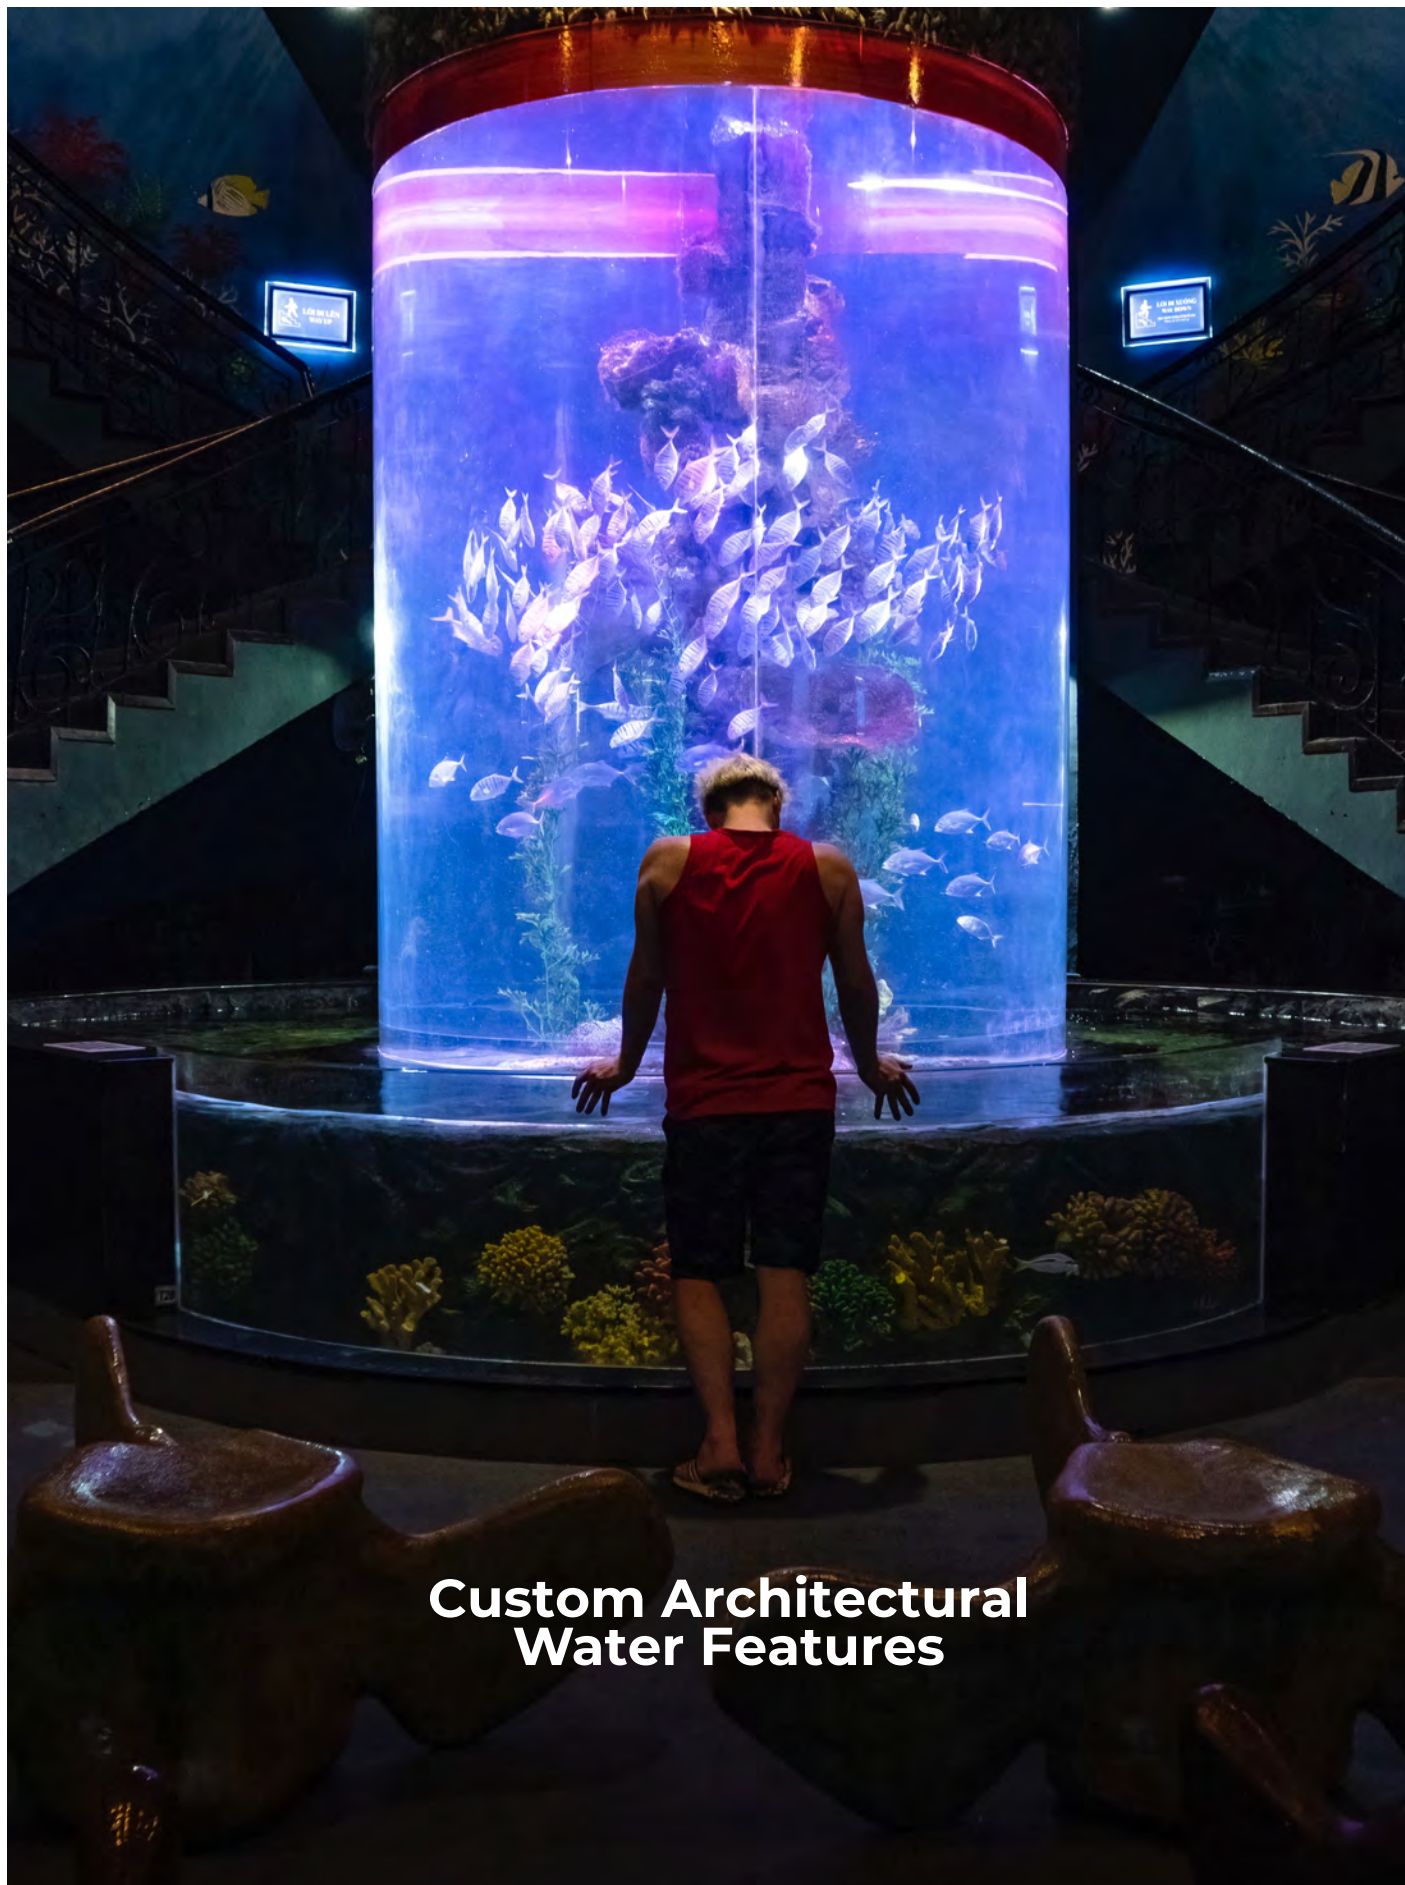

Our corals are made of a flexible and highly durable rubber material specially designed for underwater applications. The color pigments used are integral and are present all the way through the coral. We use a fish-safe, non-toxic clear coat over anything that we paint. The only thing that comes close to our creations is mother nature itself!

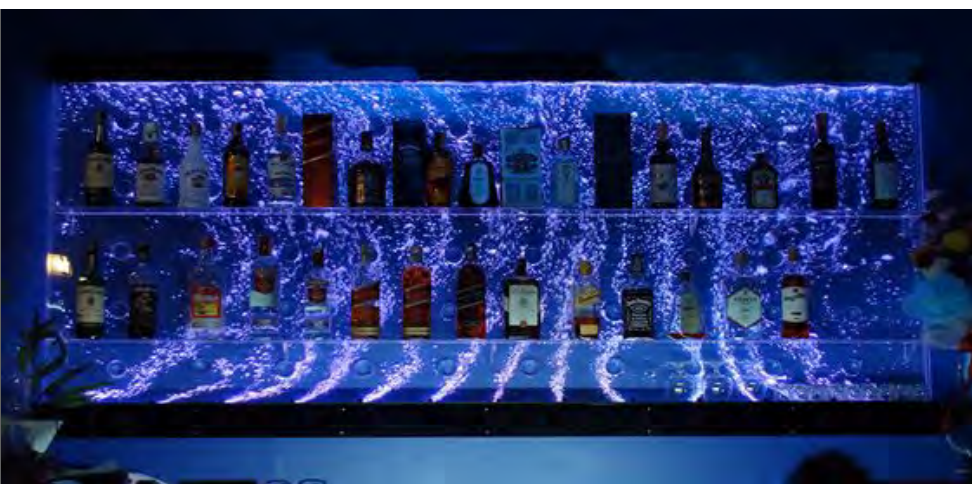

**Custom Architectural  
Water Features**

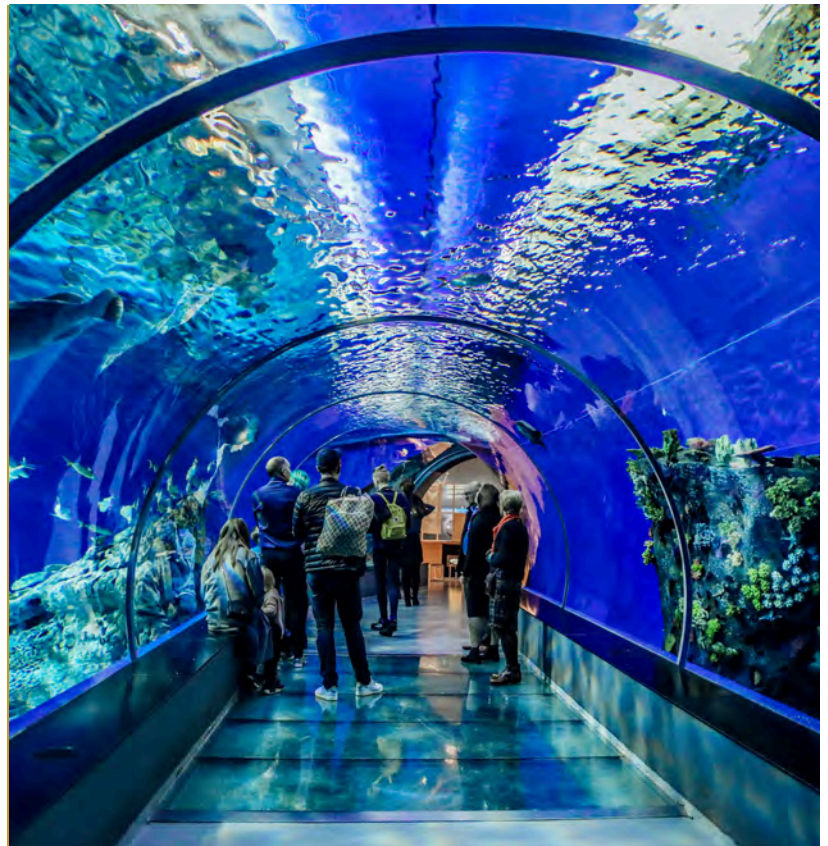

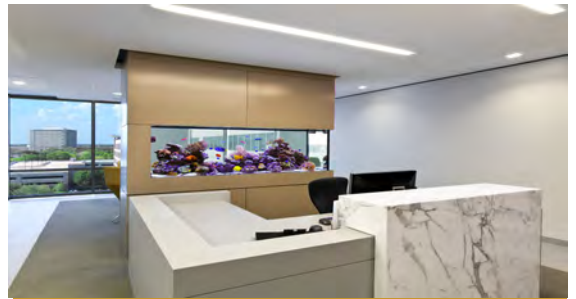

# Custom Architectural Water Features:

Fluid Motion, Vitality, and Intensity of hue coupled with flawless techniques, are the signature of Ocean Gallery, USA's works of art. We bring an artistic versatility that is always imbued in every unique creation we construct. An investment in an Ocean Gallery USA creation is a purchase of a unique and natural piece of living liquid art that unequivocally soothes and calms the soul.

# REDEFINING ARCHITECTURAL WATER FEATURE CREATIONS SINCE 1993

# INNOVATIVE CONCEPTUAL DESIGNS

Ocean Gallery, USA is proud to be a second-generation, custom water feature, family owned business. We are pioneers of stunning designs and innovations across the aquarium and water feature industry, both residential and commercial.

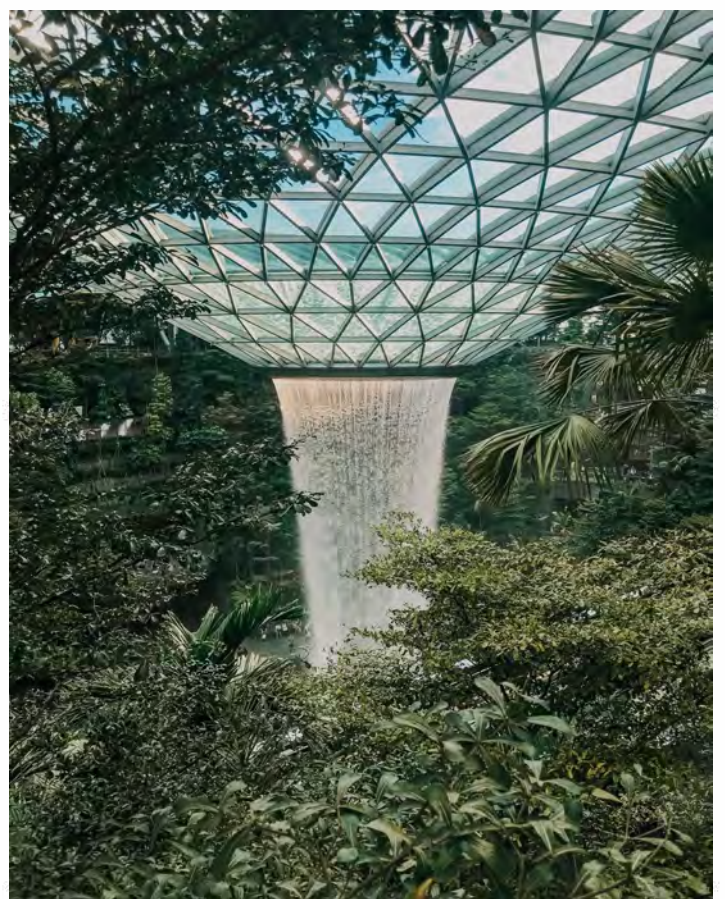

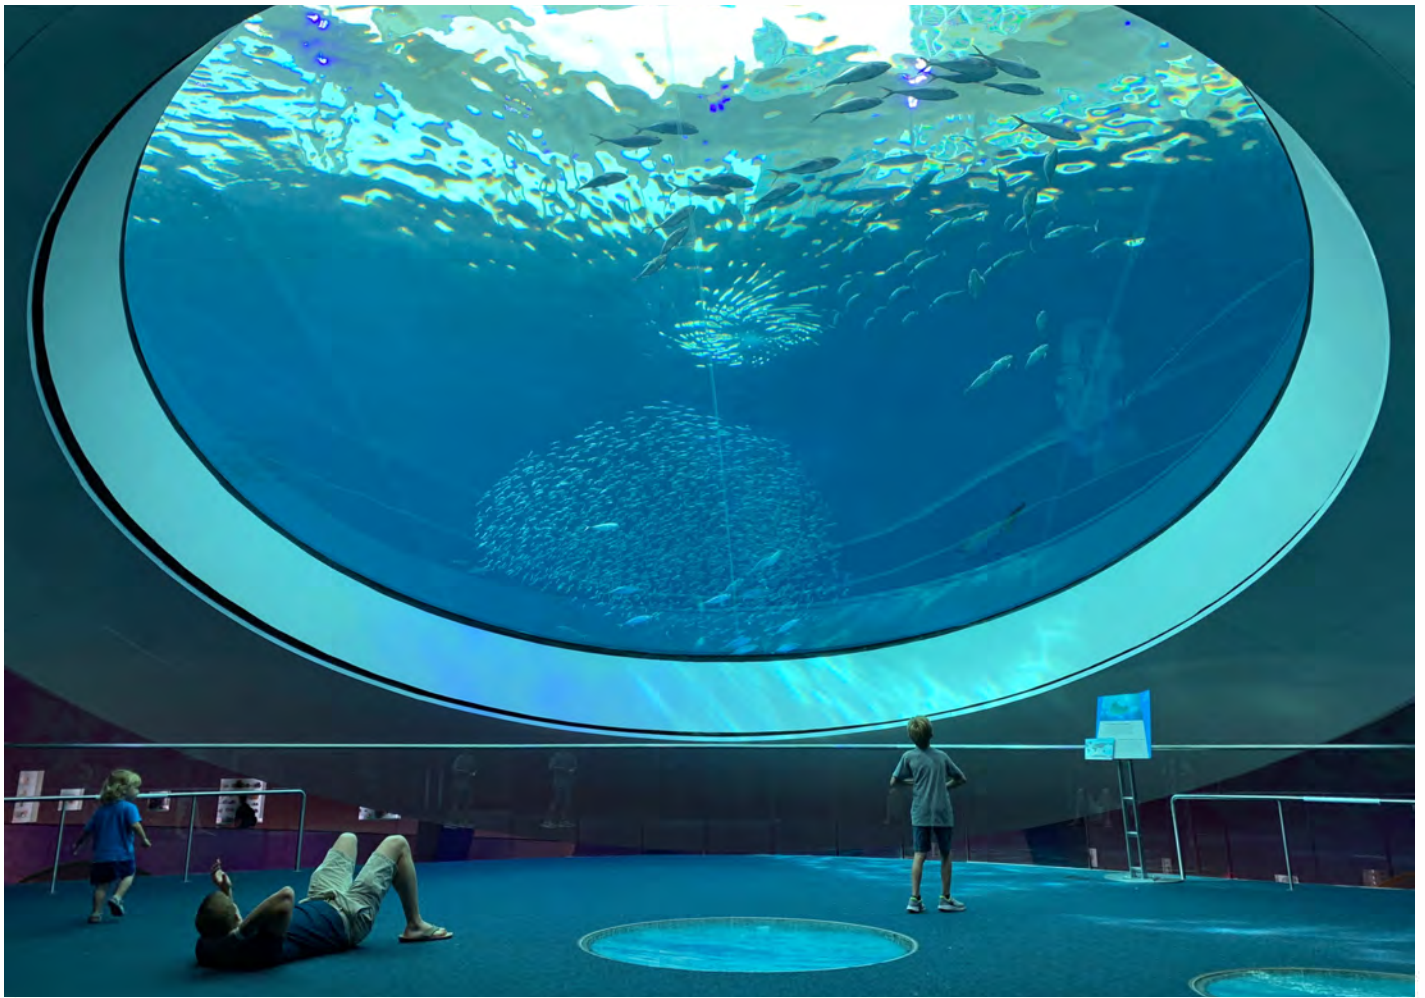

Founded in 1993, Ocean Gallery, USA continues to evolve, bringing new designs and creations to life, and turning clients' dreams into reality! Our exclusive engineering techniques and fabrication methods have allowed our unique pieces of aqua-art to fit seamlessly into both large and small businesses and homes.

We bring over 60 years of pride, combined experience, quality and unique craftsmanship to each project. Ocean Gallery, USA sets itself far apart from the rest by being uniquely distinctive through a diverse array of products and services. We bring pure and fluid creativity to life.

If you're considering having a custom architectural water feature built, you now have a choice.

***Ocean Gallery USA... our standard is perfection.***

## Custom Viewing Panels: (Aquariums, Zoo displays, Pools)

Ocean Gallery, USA is an organization comprised of professional acrylic pool panel fabricators and installers. Our versatile team can fabricate and install an acrylic pool window for your home or commercial property. Our extensive experience in the aquarium industry includes large commercial aquarium installations as well as residential.

Our staff holds over 80 years of combined experience installing under-water windows and has the knowledge and skills to ensure a quality installation worldwide.

Pool viewing panel systems (or underwater windows) are a dynamic way to add both a functional and aesthetic feature to a pool. Ocean Gallery, USA works with builders, architects, and pool designers from the project outset through to completion to deliver custom-made windows or wall panels for pools, exhibits or, public aquariums.

Why use acrylic? Acrylic is used as a safer alternative to glass and can be installed as either a window or wall to your pool or public aquarium allowing natural light and interactive viewing to occur. Acrylic has a higher impact resistance than glass. It can be cut and formed into a variety of shapes (such as curved tunnels as seen in large-scale underwater public aquariums), and unlike glass, it can be easily polished if scratched.

## Naturalistic Theming: (Zoos, Museums, Aquariums)

Ocean Gallery, USA provides an extensive suite of expert exhibit design, theming, interpretation, and interactive and unique custom features for innovative zoos, aquariums, museums, and nature centers across North America. Ocean Gallery, USA animates indoor and outdoor spaces with a wide range of imaginative, creative, richly themed features, from custom play zones and climbers to interactive displays.

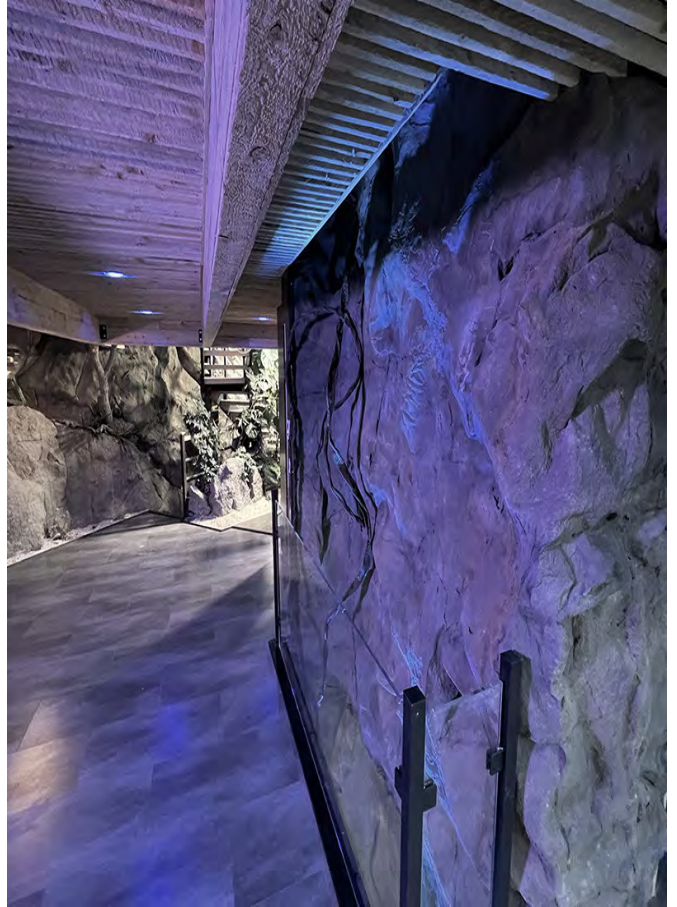

As a producer of custom indoor and outdoor themed experiences, Ocean Gallery, USA delivers original sculptures, nature-themed recreational areas, and other family-focused exhibits for zoos, aquariums, botanical gardens, and public parks.

## PRODUCT DIVERSITY SETS US APART

- Over 80 years of combined experience in all aspects of custom water features and their particulars
- Over 40 years of international experience
- Innovative conceptual designs and creations

**WE DO THE SPECTACULAR  
EVERYDAY.**

A photograph of a swimming pool with a stone waterfall feature and a patio area. The pool is surrounded by a stone wall and a patio area. The water is clear and blue. The sky is blue. The overall scene is a luxurious outdoor living environment.

## Pool and Backyard Transformations:

At Ocean Gallery USA, we see each backyard and commercial project as a canvas of possibilities. Whether for landscaping, water features, pool & backyard transformations, or outdoor living environments, we can bring beauty to any backyard or commercial project. There is no limit to the types of outdoor living environment transformations we can create for you. If you are looking to completely transform your backyard, hotel, resort pool, or renovate your existing space, count on us to make it happen.

We specialize in designing and building a full-scale project with any combination of amenities. Every detail of our outdoor living environment makeovers is carefully crafted from start to finish. Imagine your outdoor living space looking just the way you've always visualized it... a pure luxury Laguna-style paradise getaway creation.

Ocean Gallery, USA is committed to the design and construction of any style of project and vision you may have. We customize our swimming pools, waterfalls, spas, and more to exceed your expectations. Our custom project transformations are the perfect blend of function and beauty. Since we have decades of experience in the industry, we are more than confident in our ability to deliver the results you expect.

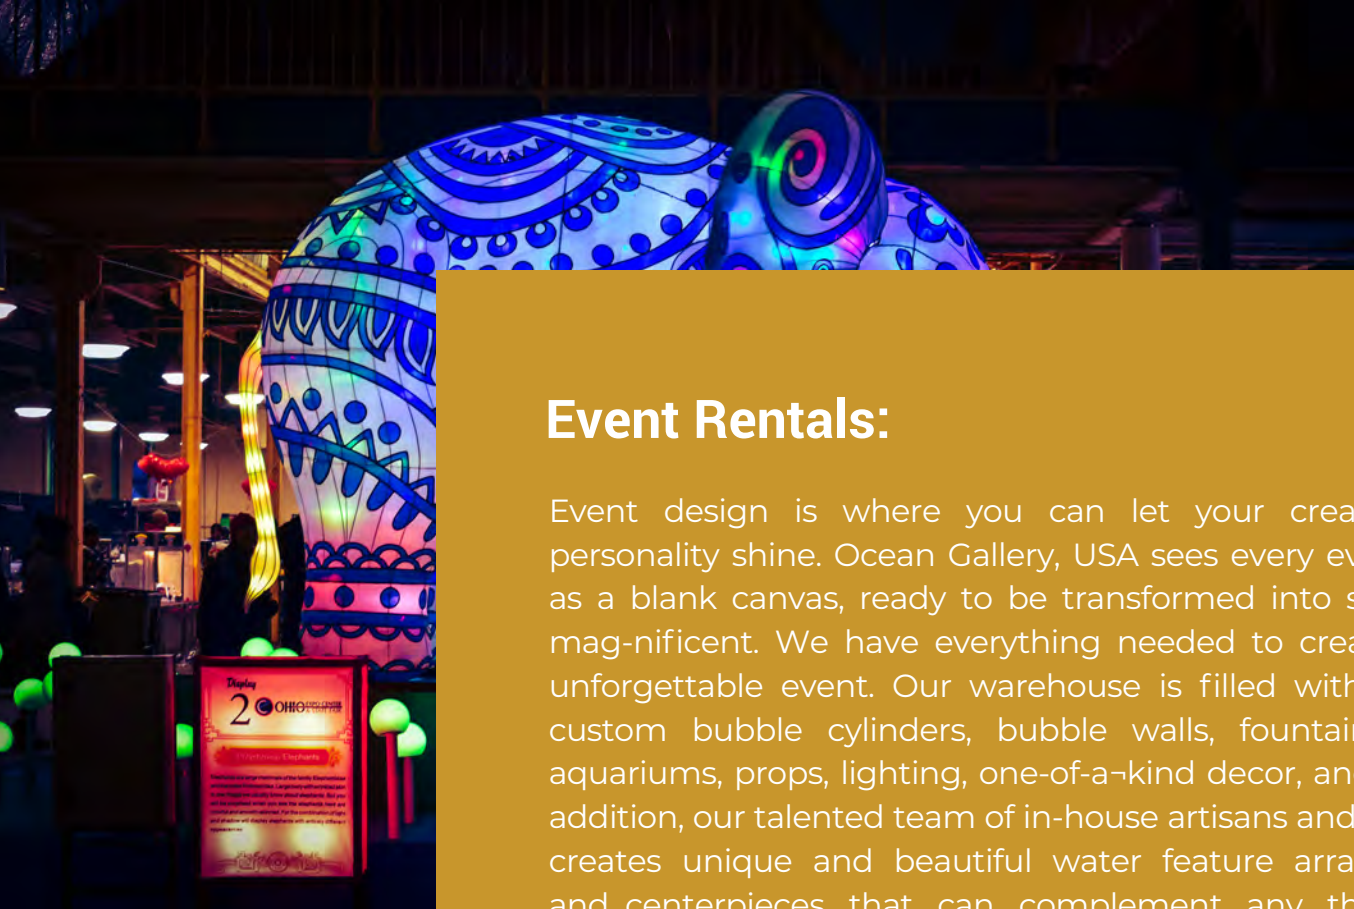

**Nothing Else  
Compares**

## Event Rentals:

Event design is where you can let your creativity and personality shine. Ocean Gallery, USA sees every event space as a blank canvas, ready to be transformed into something magnificent. We have everything needed to create a truly unforgettable event. Our warehouse is filled with specialty custom bubble cylinders, bubble walls, fountains, set-up aquariums, props, lighting, one-of-a-kind decor, and more. In addition, our talented team of in-house artisans and designers creates unique and beautiful water feature arrangements and centerpieces that can complement any theme and elevate any space. If you need something we don't already have, we'll design and make it.

In addition to creating beautiful events, Ocean Gallery USA has everything you need to throw the themed event of your dreams. And while we're experts at creating an authentic experience for guests, we love bringing all kinds of themes to life. We love coming up with new themes and ideas. Your imagination is the only limit. No matter the theme, we can't wait to bring your event to life.

# Our Services, Your Plan

Let us partner with you on your next project and watch your design come to life. That's the Ocean Gallery, USA promise.

"The quality will remain  
long after the price is  
forgotten"
